# **THE ORCHID CLUB OF SA INC**

## **Auditors' Statement 16<sup>th</sup> January 2020**

We certify that we have examined the Cash Book, receipts, invoices, bank records and other financial records of the Orchid Club of SA Inc for the year ended 31<sup>st</sup> December 2019. From the records produced we have formed the opinion that all accounts due by the Club have been paid, all monies received have been banked and all transactions processed have been accurately recorded in the cashbook. From these records we have formed the opinion that the Statement of Income & Expenditure represents an accurate assessment of the financial position of the Club as at the balancing date and for the Year ended 31<sup>st</sup> December 2019.

John Lampard AGIA ACIS  
Auditor

John Seidel  
Auditor

We have noted that Graham has once again completed the OCSA books with meticulous attention to detail and accuracy. All records are filed in logical order and cash book details are easy to follow and test for accuracy.

We are both prepared to act as auditors for 2020 if elected at the AGM.

John Lampard AGIA ACIS  
Auditor  
OCSA Audit. doc

## **PRESIDENT'S REPORT FOR FEBRUARY 2020**

Firstly, I would like to thank the OCSA Committee for their work throughout 2019. Without these people working in full view and behind the scenes, we would not survive as a club. The committee of 2019 was Trevor Garard (President, Education and Publicity officer), Graham Hein (Vice President and Treasurer), Michael Gray (Secretary), Des Bettcher (Immediate past President), John Dunn (Trading Table Manager), Wendy Lodge (Registrar), Rayne Riggs (Assistant Registrar), Hilary Leisavnieks (Day Group Coordinator), Margaret Curtis (New Member Host) and Danielle Mazurkiewicz (Editor). We also cannot forget the photographers and the time they spend providing the club with top class images of our plants

Thanks too, to the members that were interested enough to attend committee meetings as visitors. We must never forget the efforts of others that help at hall setups and most importantly the marvellous helpers in the kitchen. Thanks also to the judges that work out the back and give up their time to hone their judging skills at other meetings during the year. I must also thank the total membership for their ongoing support of the club for their assistance from club workshops to Royal Show help.

Mrs. Lan Le continues as club patron and we are extremely lucky to have someone with her interest in orchids filling this role. Her tenure will sadly end when the extended term of the Governor finishes.

We were all saddened by the passing of club stalwart Edda Viskic and other members during the year. To single out one member for special mention is not often done but Edda was a force of nature and will be missed for both her personality and her dedication to the club over many years.

Throughout the year we have had interesting guest speakers and no doubt this will continue into 2020 with a few changes to the time set aside for speakers and some different formats.

2019 saw OCSA membership grow rapidly with the addition of 100 members pushing our membership to 400. We, as a club, must thank Neutrog Fertilisers for being a major part of that growth with their new member sponsorship. They also sponsor the growing Orchids In Schools program for all the fertiliser needs. Talking of the Schools program we have added another school with Urrbrae Agricultural School joining in 2020. This gives us seven schools in the OIS program.

The beginner's group held before the main nightly meeting continues to attract a good number of members and is a most worthwhile exercise and should continue into the new year hopefully with various experienced growers leading the discussion.

The OCSA monthly meetings, both day and night, are well attended and the major shows, Autumn, Winter and Spring, were all successful events. Our Autumn show

involvement with other floral interest clubs at the Festival of Flowers is proving to be extremely popular and this event is the biggest flower show in the state. Once again, the club's involvement in facilitating the Royal Show orchid competition and displays was a great success and we look forward to the Royal Show in 2020. This is a different judging format to our other major shows but continues to be popular with both growers and the public. The Orchids In Schools students took to the Horticulture Stage in the Goyder Pavilion again this year and proved to be just as popular as in years gone by. This year we had a teacher and four students from Woomera Area School attend the show as presenters for the first time. This was in addition to the presentations given on behalf of the club. Many thanks to Neutrog Fertilisers for their generous donation of products that are handed out during these talks. Not just OCSA/OIS talks but all the horticulture presentations.

OCSA excursions are still popular, with Neutrog factory tours and the river paddle steamer cruise all well attended. Thanks to the organisers for arranging these interesting day trips. The Saturday workshops continue to be popular and many thanks to those who provided their homes to hold these events.

The club's 80<sup>th</sup> Anniversary was celebrated during 2019 with the release of the Anniversary wine, the Anniversary event at Government House and the Anniversary Raffle. Thanks to everyone who was involved especially Loom Wines who created the wine.

In November the annual Socialising with Sarcs dinner was held and this popular event will keep going. It is most unusual to have an event that celebrates a single orchid genus but owing to the ongoing love of these plants this event shall be a regular fixture on our calendar.

During the year I was asked by Jon Lamb to contribute a short article for his Friday 'Weekly Reminders' newsletter. The OCSA article appears in the second Friday of the month newsletter.

On a sad note I must mention the tragic bushfires that have occurred during the last months of 2019 and are ongoing. I have heard of the loss of an orchid collection in the Woodside fire that dated back a couple of generations. No doubt across Australia there have been many other collections lost and orchids that grow in the wild would have been devastated. Hopefully the commercial nurseries have come through in reasonable condition.

I would take this opportunity to thank once again, OCSA Committee members, for their hard work and support during 2019. Also, the judging panel, exhibitors, club volunteers, supporters, and members and Neutrog Fertilisers, for without your support the club's 2019 growth and prominence as an orchid club would not be possible.

Best regards,

*Trevor Garard – President*

## **NOMINATIONS FOR COMMITTEE MANAGEMENT POSITIONS**

President - none  
Secretary - Hilary Leisavnieks  
Treasurer - Graham Hein, Margaret Curtis  
Committee Members - John Dunn, Jill Marchant

### **RESUMES FOR AGM NOMINATIONS**

#### **HILARY LEISAVNIEKS STANDING FOR THE POSITION OF SECRETARY**

I have nominated for the position of Secretary in our upcoming AGM.

I bring to you knowledge and understanding of secretarial procedures as I have previously held the position of Secretary at The Hope Valley Sporting Club, along with canteen management. I held the position of Office Manager and Cashier for Tasc Auctions for eleven years along with another thirteen years as Shop Floor Controller and Credit control officer at a Manufacturing Company.

I have been a member of this club for five years and in that time I have become a Committee member with a hands on approach for the past three years.

I also have taken on the task of Day meeting co-ordinator, which I have done for the past two years and will continue to do so.

I have a good understanding of office procedures, along with cash handling and extensive computer and internet banking skills, which will enhance the future development of the club. With these skills in mind I ask that you, the members, consider my application for this position.

-----

#### **MARGARET CURTIS STANDING FOR THE POSITION OF TREASURER**

My name is Margaret Curtis and I am a retired professional business woman of some 50 years standing, who has not only been involved in the business world in South Australia but also the local community on a voluntary basis.

Some of my achievements are briefly listed below:

1. Inaugural Board Member of Trinity College Gawler (5 years) and Volunteer Canteen Manager at Trinity College (2Years)
2. Inaugural Secretary, Show Manager, and Assistant Treasurer of Northern Districts Kennel and Obedience Club (6 Years)
3. Along with 2 other women successfully lobbied both Federal and State Governments for funding to set up and run a Women's Community Health Centre to meet the needs of women in the Northern/Mid North of South Australia. This was the 2<sup>nd</sup> Community Health Centre in South Australia.

4. Treasurer of local Primary School (3 years), Secretary of local Kindergarten (1 year), President Local Northern Area Scouts (2years).

5. I have always worked in Administration and for the last 35 years until my retirement in 2016 I was the Administration Manager and Systems Training Manager of a Multimillion Dollar Agricultural Dealership in the Lower Mid North. Liaised with that business's external accountants, lawyers, auditors, shareholders and reported at monthly Board Meetings on all financial matters to the CEO and Owners.

6. I have a Diploma in Business Management and Certificate in OH&S processes and procedures, and a Diploma in Bereavement and Trauma counselling.

My late husband and I joined the Orchid Club of SA Inc. at the Royal Show in September 2017 and I offered to stand for committee in November 2018 as a guest after which I was elected unopposed to the committee for a 2 year term. I have assisted in the kitchen at Festival of Flowers and all shows and night meetings last year. I worked every day on the OCSA stand at the Royal Show in 2019. After the Royal Show I took the initiative to form the welcoming committee at the door at the night meeting for new members, introduce and pair them with older members for the evening so they would feel welcome and continue to remain members in future years.

In August 2019 I was Invited by Des Bettcher to join the committee he set up to advance the Orchids in Schools programme and get it to a point where it could be presented to the Education Department and ultimately the Minister. I believe my experience in administration, financial management, my expertise and contribution to the community in Not for Profit Organisations and my ability to liaise with all members of society speaks for itself and I am well equipped to stand for the position of treasurer of The Orchid Club of SA Inc. for the following 12 months.

-----

### **JILL MARCHANT STANDING FOR A COMMITTEE POSITION**

My name is Jill Marchant and I have three daughters and three grandchildren. I am a fairly new member of OCSA but have thoroughly enjoyed all meetings and social functions. I have nominated for the committee as I feel I can contribute in many ways.

I have been involved in family businesses all my life and my late husband and I ran some very successful companies prior to his death. I have served on various committees and prior to my retirement I was working in the medical sector both in administration and management.

Since retiring I have become a volunteer at the nRAH which I thoroughly enjoy and also I volunteer with ACH. I find the involvement with these organisations keep me energised and also provide the opportunity to make new friends.

I am very keen on gardening but am still slowly learning the art of growing orchids but find everyone I meet at OCSA very eager to share their knowledge. My other hobbies

are reading and embroidery.

I look forward to serving on the committee and sharing my skills.

---ooo000ooo---

**SUBSCRIPTIONS FOR 2020 ARE NOW DUE**

Your membership fees for 2020 are now due; costs are as follows:

For members who wish to continue receiving the Bulletin by post the fees remain at:

Single: \$35:00 Joint/Family: \$40:00

For members who wish to continue receiving the Bulletin by email or those members who want to change to receiving the Bulletin by email, the fees will be:

Single: \$25:00 Joint/Family: \$30:00

Members who wish to change from receiving the magazine by post to receiving it by email, I will need your email address.

Payment may be made at the Treasurer's Desk at the next Monthly Meeting or to the Assistant Treasurer at the next Day Group meeting.

You may also pay by post to:

Orchid Club of South Australia  
GPO Box 730  
ADELAIDE, SA 5001

Alternatively, they can be paid by Direct Debit to:

Orchid Club of South Aust.  
BSB No: 105 152  
Account No: 032766440

**BE SURE** to put in the "Comments" field your name and 2020 subs.

The Treasurer will also accept membership renewals by Credit Card. **PLEASE** consider this method of payment. Thanking you, *Graham Hein – Treasurer*

## **BEGINNER'S GROUP**

Don't forget the Beginners Group at the February 2020 Monthly Meeting from 7:15pm to 7:45pm. There will be expert club growers to help new and older members in the art of growing and cultivating orchids so come along early to increase your knowledge.

---ooo000ooo---

### **Thursday Night Meeting 6<sup>th</sup> February 2020 – Annual General Meeting**

Members welcome to the beginning of a new year. Thursday February the 6<sup>th</sup> heralds the beginning of the 81<sup>st</sup> year of the Orchid Club of South Australia Inc. and our Annual General Meeting. This year for the first time in many years, members will be required to vote for their preferred candidate to fill positions on the OCSA Committee. Several positions still require a nominee, and I would encourage you to consider nominating from the floor of the meeting for any of the vacant positions. The February night meeting is also when the general members of the club are able to vote for their choice of OCSA Orchid of The Year. Pictures of the club champion orchids for 2019 will be presented to the meeting and members will be able to compare their orchid appreciation skills against the OCSA Judges. So, come along and have some fun.

### **Friday Day Group Meeting 14<sup>th</sup> February 2020 – Speaker Coralie Hime**

Coralie Hime is a long-time member of OCSA, one of our very good orchid growers and with her husband Gordon has been a very successful orchid exhibitor and winner at orchid club meetings and shows. (Coralie is also a very successful member of the Fern Society of South Australia) During this meeting Coralie will be demonstrating how to prepare an orchid ready for show-bench competitions and maybe a few tips on how to be a successful exhibitor. Success breeds success, so if you want to understand about orchid display plants this is a meeting you need to attend.

---ooo000ooo---

## WELCOME NEW MEMBERS

The president and committee, on behalf of the members, welcome the following new members to the club. We trust that your time with us is beneficial and rewarding to you in your hobby. Your State Show Number and Division Id are printed in **BOLD** details below.

<u>NAME</u>	<u>NUMBER</u>	<u>DIVISION</u>
Heather McKinnon	<b>584</b>	<b>2<sup>nd</sup></b>
Urrbrae Agricultural High School	<b>586</b>	<b>3<sup>rd</sup></b>

---ooo000ooo---

## 80<sup>th</sup> ANNIVERSARY RAFFLE

The Committee has put together a **VERY SPECIAL** raffle to commemorate the 80<sup>th</sup> anniversary of the club. Prize list has been increased as follows:

- 1<sup>st</sup> Two Fukagawa Koransha porcelain vases
- 2<sup>nd</sup> Genuine orchid Chromolithograph painted in the late 1800's
- 3<sup>rd</sup> Genuine orchid Chromolithograph painted in the late 1800's
- 4<sup>th</sup> Bottle of the 80<sup>th</sup> Anniversary wine
- 5<sup>th</sup> Bottle of the 80<sup>th</sup> Anniversary wine
- 6<sup>th</sup> Crystal Key Rings by LYL3D Engraving
- 7<sup>th</sup> Bottle of 1978 Adversary Port
- 8<sup>th</sup> Bottle of 1978 Adversary Port
- 9<sup>th</sup> Pressed flower print
- 10<sup>th</sup> – 15<sup>th</sup> Flowering size orchid

Ticket price is \$5:00 and will be drawn at the **February 2020 AGM**.

*Graham Hein - Treasurer*

---ooo000ooo---

## **DECEMBER 2019 DAY GROUP REPORT**

What a great day we had at our Christmas day group meeting. The weather was lovely, and the members turned out for the meeting.

A huge thank you to Dave Harmer and Trevor Camac for the entertainment. Everyone loved the giraffes. Also, the way the Phalaenopsis were grown in Holland was amazing.

The Kris Kringle was great, and everyone took home a little pressie.

Thank you to Wendy for telling us about the plants on the appreciation table which were lovely. The favourite plant went to Ros and Iain Kilpatrick for their beautiful Cattleya. They were presented with a wine glass by Wendy.

We had a little competition of Orchid questions and the winners were presented with plants that were provided by Pat and Dave Harmer.

It was a sad day for me to notify the members that Pat and Dave were moving and this was probably the last meeting that they would attend before the move. We hope to see you in the future when you are in the area.

Our next night meeting will be on the 6<sup>th</sup> February 2020. This will be our AGM and I hope to see you at the meeting at 8.00pm.

Our next Day meeting will be on the 14<sup>th</sup> February 2020 at 2.00pm. Our Guest speaker will be Coralie Hime who will be showing us how to prepare our orchids for competition. **THERE IS NO MEETING IN JANUARY.**

I closed the meeting asking the members to enjoy the wonderful spread for afternoon tea and a chat.

Hilary Leisavnieks - *Day Group Co-ordinator*

**FROM THE REGISTRAR FOR DECEMBER 2019**

I take this opportunity to thank all the members who have brought their plants in for judging throughout the year, and to sincerely thank all the judges that have participated at meetings and shows. It has been a quieter year with less plants on benches than previous years, and hopefully all our new members will soon start showing plants. Happy growing and showing in 2020. Registrar, Wendy Lodge.

**Plant of Open Division and Registrar's Choice** was the plant *Cymbidium* Kuranda 'Arthur Dawson' owned and grown by Michael Willoughby and Oui Ju. The judging panel chose this plant which had about 40 flowering inflorescences displayed all around the pot, with each inflorescence having between 40 to 50 small flowers that were mustard yellow/green in colour with a maroon marking on the labellum, which comes from *Cym. suave*. *Cym.* Kuranda is a primary hybrid registered in 1972 of *Cymbidium* (*suave* x *madidum*), which are both Australian Native Cymbidiums with small flowers. This is a worthwhile plant to grow at this time of the year. Congratulations to Michael and Oui for growing and showing this lovely plant.

Michael and Oui let us know that they grow this plant cool, in medium sized bark, underneath 70% beige shade cloth. It gets watered 2-3 times a week in summer, but only natural rain throughout winter, and fertilizing 2-3 times weakly/weekly in summer and weekly in winter.

**Plant of First Division** was another Cymbidium. This was *Cym.* Cricket 'Rosetta' grown by Wendy and Michael Lodge. This was a well presented plant with 12 inflorescences, each with approx. 36 small brown flowers typical of *Cym.* Cricket, with color, shape and spike habit, with a contrasting maroon labellum. It is a hybrid of *Cym.* (*devonianum* x *madidum*) that was registered in 1964. It is another plant that flowers at the end of the year that can be grown into a large specimen plant.

Wendy grows this plant hanging under 50% black shade cloth, it gets watered when needed throughout winter and at least 1-2 times a week during summer, using sprinklers late afternoons when the temperature goes over 32 degrees. Main fertilizer used is Neutrog Liquid Strike Bank for Orchids in

weak dilution every 2<sup>nd</sup> watering.

**Plant of Second Division** this time was *Paphiopedilum* Hsinying Boston. This plant belonging to Coleen Peters came in with its label saying *Paph.* (Hsinying Art Pie x Laserlight) and it was found to be registered with the Royal Horticultural Society given

the name of *Paph. Hsinying Boston*. Thanks to Judge James Argent for finding this out. This *Paphiopedilum* (commonly known as Lady's Slipper Orchid) is an excellent example of a well grown and well flowered plant). For a small plant, this had a very large flower and it should grow fairly easily in Adelaide. It will need protection in winter, but most likely will not require heat.

Whilst the species in the background (being *Paph. sukhakulii*, *Paph. callosum*, *Paph. lawrencianum* and *Paph. mastersianum*) may sometimes be a little touchy, the hybrids have what is called hybrid vigour, and become quite hardy and well worth growing.

According to Coleen, she grows this plant cool in a mix of small orchid bark and perlite. She waters in winter about once a week, while in summer it could be daily, she uses Maxicrop seaweed as fertilizer and has only had the plant for about 2 years. Well done Coleen on such a beautifully presented plant.

**Plant of Orchids in Schools Division** was the plant of *Cattlianthe* Trick or Treat 'Orange Beauty' grown by the students at Willunga High school. It was chosen because it was a well grown plant with one inflorescence that had 11 bright orange flowers in a cluster on top of the tall bulb. This crossing was registered in 1973 and has 4 species in the background.

*Gur. aurantiaca*, *C. cinnabarina*, *C. crispata* and *C. harpophylla*. It's an old hybrid and we see it often on the show bench. It can look impressive as a big plant with multiple inflorescences and its bright colour. It was bought in by Trevor Garard who is the mentor at Willunga High School.

Trevor writes that this *Cattlianthe* is growing in straight bark, is very easy to grow, and he recommends it for any collection, especially novice growers. The students water the plant weekly in winter, then 3 times a week in summer receiving fertilizer once a week for most of the year. Another fine plant from these students.

*Wendy Lodge, Registrar*

## DECEMBER MONTHLY FLORAL RESULTS

### **BEST ORCHID OPEN DIVISION & REGISTRAR'S CHOICE**

*Cymbidium* Kuranda 'Arthur Dawson' grown by Michael Willoughby & Oui Ju

## **BEST ORCHID FIRST DIVISION**

*Cymbidium* Cricket 'Rosetta' grown by Wendy & Michael Lodge

## **BEST ORCHID SECOND DIVISION**

*Paphiopedilum* Hsinying Boston grown by Colleen Peters

## **BEST ORCHID OIS DIVISION**

*Cattlianthe* Trick or Treat grown by Willunga High school students

## **BEST SEEDLING**

*Paphiopedilum* Shifty Eyes grown by Michael Willoughby & Oui Ju

## **OPEN DIVISION**

### **Australian Native Epiphyte - Hybrid**

1. Cym. Kuranda 'Arthur Dawson' Michael Willoughby & Oui Ju
2. Sarco. Belmont Rose Michael Willoughby & Oui Ju

### **Australian Native Epiphyte - Species**
